Thanks. The 30th should be fine. In other words, I am all over it like a cheap suit

Stuart,

When Bruce first proposed shifting this call away from Monday I checked your schedule and advised him that it looked OK for the 30th. I plan to be taking vacation that day, but at a pinch I could call in and cover if necessary.

Regards,

Dave

API Benzene Task Force (BzTF) -

We have rescheduled Monday's BzTF conference call to accommodate an unexpected Monday-morning planning session for the upcoming 2006 Shanghai Health Study workshop.

Instead, Michael & I propose to host the mid-year BzTF conference call at the same time on Friday June 30th, immediately following the HESOC / HESGC review of 2007 Programs and budgets on June 28-29...

1) Please revise your calendars - BzTF Conf Call: Fri, 30 June (11am Eastern, 10am Central, 8am Pacific) - and send a quick reply if you cannot make this date & time;

2) Also, please read Michael's "API Benzene Task Force" overview of Mission, Scope, Issues and Strategy in the attached file, which he developed as 'outreach' material for the newly-forming Benzene Coalition.

Have a great weekend! Bruce.
