Let's we get too cocky in regard
to our reduced blood lead levels, pump this
data into your overall appraisal

Blood lead sample	Days between runs since last test	% below 60	% below 50	% below 40
5/8	10	72	45	17
6/19	0	90	55	21
7/10	18	100	80	36
8/14	19	100	85	39
9/11	15	100	65	40

We must constantly improve the
control of our endotoxin bygiene program
