Dear John and Kevin,

Congratulations on your successful effort to align regional stakeholders for a collaborative rollout of RMP communications by the June, 1999 reporting deadline. Thanks for the opportunity to attend the November 20 planning meeting and to participate in the concept discussion.

Attached is a proposal from Alliance Communication and URS Greiner Woodward Clyde Inc. The team offers detailed knowledge of many coalition members and their RMP issues, as well as a coordinated effort that adds value to both communication and technical support services.

I'll call soon to answer any questions you might have. We also are available to meet with the executive committee selecting the communications consultant, if you wish. In the meantime, feel free to contact me at 394-2225 or Dan Oberle of URS Greiner Woodward Clyde, Inc. at 429-0100.

Both organizations are prepared to begin work immediately on this important project and look forward to working with you toward a successful result.

Sincerely,

Nancy Pollock
