Akron Medical
Center

Cincinnati - 7-18-74

Barnes - lawyers - want in country
w/ exposure + no fatiguing work.

Sanders "red eye" heavy drinker some
fibrosis by biopsy - Mental problems
sent home yesterday

people with non-surgical liver
damage who cannot have
exposure to work - what do you
do with them?

former tumor is regressing.

Cases of last Friday 24 out of 104
pre employment phys. abnormal liver ^{5 MA-N}

about 200 have already been
scanned - are now scanning
about 8 a day - voluntary - pay
if on regular time.

Scan results

"patchy uptake" - cirrhotic - ^{almost} certain ^{fibrosis}
Spleen size - if large is ^{fibrosis}
sure has fibrosis

will find
Cretch - 200-250 people with
vinyl chloride disease.

★ ALGC - are we measuring spleen
size during scans - what isotope
was used - send to Knoxville

Groups:

1) liver damage but not VCM
connected

★ 2) liver damage caused by VCM
special compensation policy for
VCM problems

Company in area turning
down our people - some will
not even interview

★ Demonstrable liver damage
at present no further exposure
to any level that exceeds
levels in general community

★ Non VCM liver problems - (have
do we handle under Special
Compensation Policy)

★ Work on Special Compensation Policy

B.F. Goodrich

* ~~Legal~~ legal and contract
problems in outside enterprise

Abnormal - retest in 3 weeks

Meanwhile leave on job sell
on no alcohol in interim
retest - Still abnormal move
to more exposed area in plant
and schedule further testing
After further testing - if fibrosis
or exposure ~~out~~ out of plant
non-vinyl leave in
minimal exposure area in
plant

Vinyl Chloride - Things to do.

- 1) get \$ALOC liver scans to Creetch
- 2) Develop special compensation policy.
for V.C.M.
- 3) legal and contract problems for in
new enterprise
- 4) How do we handle non-VCM
liver damage?
- 5) Compensation for Creetch
- 6) liver function tests for N.F. people
- 7) Death Certs for N.F. deceased
- 8) SMA-12 for Cleveland people
- 9)
