

CHEMICAL MANUFACTURERS ASSOCIATION

December 2, 1985

Dear Vinyl Chloride Research Coordinator Member:

Please review the enclosed request for additional funding of \$1,990 from the Environmental Health Associates (EHA). Please call me by December 16, 1985, if you have any objection to approving the EHA request. The Panel currently has more than adequate funds to cover the requested amount and therefore your approval will not result in any additional billing to your company. If no objection is received by December 16, I will proceed with amending the original contract after that date.

Wishing you Happy Holidays.

Sincerely,

Has Shah
