

January 19, 1979

To: J. L. Worstell

From: W. C. Young

Subject: Telephone Call from Peter Schaul, Reg. III EPA Office

Peter Schaul requested another copy of your letter to Jack Schramm (Conditional Approval of Leak Detection/Elimination Program) dated November 17, 1978. They apparently needed documentation of our new definition of a leak. (They misplaced the original -) We put another copy in the mail today.
