Hullo Mark,

Let me check.

Cheers, R.

Subject: Fwd: question re manual vs automatic transmission

Hi Robert--

Wanted to cc you on the question I sent to the epalibrarynetwork@epa.gov account. Do you have statistics on manual vs. automatic car percentages over the years? Thanks!

Best,
Mark

To: epalibrarynetwork@epa.gov

Hello,

I am a freelance journalist working on a piece on manual vs. automatic transmission cars. I saw EPA statistics on the percentage of manual cars sold in this US News story -- <https://cars.usnews.com/cars-trucks/best-cars-blog/2016/09/why-are-manual-transmissions-disappearing> -- but could not find the statistics the piece cites on the EPA.gov website.

Would you be able to send me, or point me to, the latest statistics on sales of manual vs. automatic cars. Also, any data for past years would be greatly appreciated.

I am on deadline, so it would be great if you could get back to me by end of day tomorrow (3/28/18). Thanks!

Best,

Mark Yarm
