

U.S. DEPARTMENT OF LABOR
Occupational Safety and Health Administration
WASHINGTON, D.C. 20210

Office of the Assistant Secretary

JUN 14 1977

Mr. Martin W. Bercovici
Assistant General Counsel to
The Society of the Plastics
Industry, Incorporated
1150 17th Street, N.W.
Suite 1000
Washington, D.C. 20036

Dear Mr. Bercovici:

This is in response to your letter of April 5, 1977, concerning your change in the labeling program implemented to comply with Section 1910.1017 (1)(5) of the regulations of the Occupational Safety and Health Administration (OSHA) as that program concerns vinyl chloride being transported in tank cars.

The change as outlined in your letter would satisfy the requirements of the OSHA Standard 1910.1017 (1)(5) for the labeling of vinyl chloride being transported.

We have received your diagram indicating the proposed placement locations for the OSHA required label and we will distribute copies of the diagram along with your letter to all our Regional Offices.

Thank you for your interest in occupational safety and health.

Sincerely,

A handwritten signature in cursive script, reading "Eula Bingham", is written over the typed name.

Eula Bingham
Assistant Secretary
Occupational Safety and Health
