Hi Tom,

I work in Administrator Pruitt's office with Millan and Daisy and wanted to reach out to you on your below request. The Administrator appreciates the offer and would be interested in doing this. Would next week be too soon? With the Thanksgiving holiday, Monday afternoon or Tuesday would work for us. He is particularly interested in the Toyota Mirai you mentioned below. He would be interested in seeing this and test driving (although not sure if he can actually test drive this one or only the Lexus LC500).

Let us know what you think and if we could schedule a visit for one of those dates.

Thank you again for the offer!

Hi Millan –

I just wanted to let you know the offer still stands for Administrator Pruitt to take a drive in our new Lexus LC500 sports sedan. He saw one in Texas and seemed excited to take it for a spin – time permitting, of course. I'm happy to help make that happen here in DC (and maybe even show him our Hydrogen Fuel Cell vehicle...the Toyota Mirai).

No rush, just wanted to make sure you know the offer stands. Thanks!

**Subject:** RE: Plano Follow-Up

Hi Tom – I apologize for the delay in getting back to you! I was actually just over at AAM this morning meeting with Mitch Bainwol to discuss EPA's sector strategies – it would be great to follow up with Toyota on the program in the coming weeks.

Mitch also mentioned the LC500 and the possibility the Administrator taking it for a spin. I've cc'd Millan Hupp who is our Director of Scheduling at EPA so that we can see if there's a time that works to get the Administrator in for a lunchtime drive.

Thanks!

Daisy Letendre

Hi Daisy –

I wanted to follow up on one item from Administrator Pruitt's trip to our Plano HQ. Just today, we took delivery of a brand new Lexus LC500 (the same car we showed him in the parking garage). Is there a good day in the next week or so for the Administrator to go for a lunchtime drive?

Tom Stricker

Vice President
