

INTER-OFFICE MEMO **TENNECO CHEMICALS, INC.**

TO R. Fanter	At Flemington	DATE November 22, 1976
FROM E. Schwartz	At Burlington	COPY TO J. Sandstedt ✓ P. Scheiner E. Schenke
SUBJECT CARBON ADSORPTION UNIT - FLEMINGTON		

Per our phone conversation on November 18, 1976, this is to confirm our request to develop the new design basis of VCM streams to the Carbon Adsorption Unit. The major streams are the vent condenser off-gas and the stripper recovery streams.

This information should be done no later than November 23, 1976. Forward this info to me at Burlington by phone and written confirmation to follow.
