May I have your comments please.

C. Dietz - 1/7/64

3/190

Mr. Harold R. Jones, Clerk
Office of the Clerk
Town of Woodbury
148 Garbe Avenue
St. Paul 19, Minnesota

Dear Mr. Jones:

This is to advise you that Minnesota Mining and Manufacturing Company has received a letter from the Minnesota Department of Health stating that it does not object to the continued temporary use of the Woodbury dump site for a reasonable time provided that (i) the acid disposal will be discontinued, (ii) solvent wastes will be disposed of only in clay-lined pits and held to a minimum volume, and (iii) the Company will seek other methods of disposal.

We understand that the Water Pollution Control Commission has informed you of its findings.

We will keep you advised of our progress in this matter and if you have any questions, please advise us.

Yours truly,

Charlton Dietz
