Subject: Notice of public comment for NMFS BiOps

Colleagues - please see Nancy's request below and the attached draft notice of public comment for NMFS's chlorpyrifos, diazinon, and malathion biop. Since this is a short document, let's all get her comments by cob Monday.

Thank you for the quick turnaround.

Chris

Subject: Notice of public comment period

Chris,
Attached is the language for our draft FR notice asking for public comments on the BiOps. Can you please share with the working group—I don't seem to have a good email list of everyone. Its fine if you want to have them send any comments/suggestions directly to me. Of course a quick turnaround is appreciated.

Many thanks,
Nancy
