Q There's also a discussion in this memo that you did read that said "Asbestos warnings in the import service manuals are on the agenda for discussion with Mitsubishi Motors during a November 1983 visit by Chrysler to Japan."

Are you aware of any minutes or any documents generated as a result of that meeting or, number one, if that meeting took place?

A No.

Q I would assume I would have to ask Mr. Anderson that question, correct?

A I would assume you could assume that.

Q Do you know if Chrysler is a member of the Automotive Products Rebuilders Association?

A No, I don't. I never heard of that association.

Q What about the Friction Materials Standard Institute?

A I doubt it.

Q National Safety Council?

A Maybe. I don't know.

Q What do you base your maybe on?

A

A I seem to remember we might have been at one time a member of that, but not the others.

Q Do you know what the National Safety
