

CHEMICAL MANUFACTURERS ASSOCIATION

Aug. 20, 1986

Dear Vinyl Chloride Panel Member;

By now you would have received a draft final report entitled "Epidemiologic Study of Vinyl Chloride Workers." I have scheduled a meeting with The Environmental Health Associates to discuss the draft final report. The meeting will be held at 9:30 a.m. at Environmental Health Associates in Oakland, California. The EHA offices are located at 520 Third Street, Suite 208. The telephone number is 415-451-1888.

Please call me by August 29 with your major comments on the report so that I can convey those to Dr. Otto Wong prior to the meeting. It is imperative for you to submit your comments to me by the end of the month especially if you are not planning to attend the meeting.

Please call me at 202/887-1192, if you have any questions or need additional information. Also please call me to let me know if you are planning to attend the meeting.

Looking forward to seeing you on September 8 in Oakland, California.

Sincerely,

Has Shah
Manager, Vinyl Chloride Program
