*The
S.S. Monagas*

Largest Ship Flying the Venezuelan Flag

is powered by two...

Skinner Marine Unaflo Steam Engines are available in capacities from 400 to 6000 horsepower, with from two to six cylinders, in various lengths of stroke, and a wide range of speeds.

The tanker "Monagas" bears a name famous in Venezuelan history—General in the fight for independence and first President of the Republic of Venezuela more than a century ago.

Built for the Mene Grande Oil Company, affiliate of Gulf Oil Corporation, by A. G. Weser at Bremen, Germany, the "Monagas" with an overall length of 463 feet, is the largest ship sailing under the Venezuelan Flag.

Designed to maneuver the narrow channel and shallow waters of the

entrance into Lake Maracaibo, the "Monagas" is provided with three rudders and powered by two Skinner Marine Unaflo Steam Engines having a total rating of 5,000 i.h.p., and manufactured under license by Amsterdam Droogdok, Maatschappij, N.V., Amsterdam, Netherlands.

SAFE CONTROL

for ammonia and other
hard-to-handle fluids

CRANE

300-pound heavy-duty all-iron valves

Put these Crane valves to the test—use them for ammonia, air, oil, gas, caustic solutions, chlorinated compounds, alcohols—for chemicals and process work. Their rugged bodies of Ferrosteeel (35% stronger than cast iron)... their precision seating designs... the unusually deep stuffing box and high-grade packing... the sweeping interior body contours... assure the safety and lasting service you want.

The line includes *bolted bonnet* globes and angles with choice of disc, *union bonnet* globes and angles with plug-type disc, lift checks, expansion valves, relief valves, liquid gauges—and all the fittings, flanges, return bends and other specialties for a complete Crane Quality installation. Check with your Crane man.

Cross-section bolted bonnet Globe, with flanged ends and special lead-faced disc. Sizes 1/2 to 4-inch.

Bolted bonnet Globes also available with steel disc and seat where high temperatures or corrosion prohibit use of lead.

Cross-section, Lift Check with bolted cap, and cushioned disc action which increases valve life. Sizes 1/2 to 2-inch.

New 6-page folder AD1977 catalogs this complete Crane line. Write direct, or ask your Crane Representative.

THE BETTER QUALITY... BIGGER VALUE LINE... IN BRASS, STEEL, IRON
