SUBJ: PROPOSITION 65 MEETING

VISTA

A meeting is scheduled for Tuesday, January 24 at the LCCP. The basic goals of the meeting will be to review our progress and problems in the analysis to date, identify further needs, and develop consensus on the best answers for product questions where we do have data. The meeting will be scheduled for 8:30-2:30 to allow for early afternoon departures. In early January I'll be sending an agenda and suggested data forms to facilitate our review of the data. Please let me know ASAP if you cannot attend.

Attached is a recent prediction on the number of Proposition 65 like legislative actions.

The Soap and Detergent Association

RECEIVED

DEC 5 1988

November 29, 1988

TO SDA GOVERNMENT AFFAIRS COMMITTEE

Conversations at various post-election meetings suggest that Proposition 65 type legislation will be introduced (considered) in the following states in 1989:

Alabama	Michigan
Arkansas	Missouri
California (source reduction)	New Jersey
Georgia	New York
Hawaii	Oregon
Illinois	Tennessee
Louisiana	Washington
Massachusetts	

We see Illinois, Louisiana, Massachusetts, Michigan and New Jersey as states for initial action.

If you're aware of other proposals or believe the emphasis is different, please let me know.

Sincerely,

John T. Gould, Jr.
Director, Public Affairs
