Dear Steve:

We have given you our only and very illegible copy of Notice of Claim Filing of Occupational Disease for our subject retired employee. I believe that you have already requested a more legible copy from the Industrial Commission. When you receive it, could you make a copy of it for us? We also want to send a copy of it to Tom Locker.

As you know, the claim was originally sent to the Sherwin-Williams Hinsdale address, and then forwarded to Liberty Mutual, who called us about it.

Sincerely, .

LITA SCHARNHORST
