

1 A Right.

2 Q Am I correct that your exposures to these
3 pipecoverings, a lot of the times you were exposed to
4 them, was when you were waiting for them to finish up
5 a room?

6 You would stand there and wait for them?

7 A No, they would be waiting in rooms before
8 that and there would be dust still lays in the room
9 where they sawed that stuff.

10 You can go from this room to that room and
11 if they had been working in there, you could see that
12 stuff floating around the air.

13 Q You also said they were doing a lot of
14 ductwork?

15 A They do ductwork and all, yeah. They wrap
16 it with the batten.

17 Q That is the question I want to ask you. The
18 stuff that they wrap with, the batten, that was
19 fiberglass, wasn't it?

20 A I guess. I don't know what it is. I am not
21 a pipecoverer.
