Subject: RE: Pruitt Interview - March 19

Great, have the front desk call Mike when you get here: Ex. 6 I'd recommend getting here at 10:40 if you can to give yourself some extra time to set up.

Subject: Re: Pruitt Interview - March 19

Hey guys,

Just wanted to confirm that I will be at EPA by 10:45 am. Also a heads up that my cell phone broke yesterday, so I won't have it on me and can't check for texts or emails.

Best,

Mike

Yes, he can. Let's lock down March 19. I'm looking forward to it.

How long does it take to setup? If he can setup within 3-5 minutes sure. If not then we will find a different time (usually after lunch).

Subject: Re: Pruitt Interview - March 19

This works great. Would I be able to bring a cameraman?

Bastasch –

EPA Administrator Scott Pruitt recently finished his first-year at the agency.

We are inviting you/Daily Caller for an on-the-record interview on **Monday, March 19, 2018 at 11:00 AM** for 15 minutes. Please enter the EPA South entrance that is above the **Federal Triangle metro by 10:45 AM ET**. The topics included for this roundtable are: **Infrastructure, Clean Power Plan, WOTUS, Superfunds, Gold King Mine, War on Lead, and measures taken to protect the environment**.

This invitation is non-transferable. Let us know if this works.

- <https://www.epa.gov/newsroom/epa-year-review-2017-2018>

ADMINISTRATOR PRUITT'S ACCOMPLISHMENTS INCLUDE ...

Eliminated, substantially or entirely, seven sites from the National Priorities List of contaminated sites; only two sites were removed the previous year. EPA also awarded \$60 million in Brownfields cleanup grants to local communities.

Acted on 322 State Implementation Plans (SIPs) and turned one Federal Implementation Plan into a SIP each month, since March 1, 2017.

Approved 3,000 Total Maximum Daily Loads and cut the amount of time it took the Agency to review state water quality standards in half (from 120 days to 60).

Awarded \$25 million in water infrastructure loans; disbursed \$1.4 billion in State Revolving Funds to improve our nation's water quality; and, awarded \$100 million to Flint, Mich. for water infrastructure upgrades.

Cleared the Agency's backlog of new chemical submissions — containing 600 new submissions as of January 2017 — and ensured that all new chemicals coming to market received a safety determination within about 90 days.
