

1 of his shortness of breath.

2 Q Again, Doctor, was the reason for the pain
3 control related to his mesothelioma?

4 A Yes.

5 Q Doctor, showing you the second page of that
6 concerning the hospital course and from March, can you
7 read to us what the hospital course was for Mr. Wood?

8 A The patient was admitted to the hospital.
9 He was given analgesics including morphine injections
10 and he was given oxygen. There was marked
11 improvement.

12 He was subsequently switched to MS Contin
13 which is the long-acting morphine and continued on
14 morphine shots and later switched to the short-acting
15 oral morphine. That is paraphrasing it for you.

16 Q Thank you, Doctor.

17 A Basically what I am saying is that he
18 required morphine injections initially and they were
19 able to --

20 Q I am sorry, I couldn't quite hear you.

21 A He required pain shots initially and then we
