C. G. Thompson

This will confirm our telephone conversation that:

1. The Pilot Plant will have on hand all equipment components to satisfy the VCM Standard on or before January 21, 1977.
2. That Pilot Plant personnel will complete the installation of this equipment on or before January 27, 1977.
3. That a waiver of six (6) months will be requested to provide adequate start-up time to insure compliance.

J. P. Sandstedt
