Dr. Leroy U. Gardner
Director of Saranac Laboratory
Saranac Lake, New York

Dear Dr. Gardner:

Mr. Carl G. Staelin and Mr. William G. Hazard have told me of their recent conference with you and of your suggestion that we explore the possibility of enlisting the services of Dr. Marion B. Sulsberger to undertake an investigation of the health aspects of Fiberglas products.

We are acting upon your suggestion as indicated by the enclosed copy of a letter to Dr. Sulsberger.

The enclosed copy of a letter to Mr. Donald E. Cummings of the Division of Industrial Hygiene, University of Colorado, School of Medicine and Hospitals, and a photostatic copy of a letter from Dr. C. M. Peterson, may be of interest to you also.

Yours very truly,
