Hilary,

It was so good to meet you this evening! I have to apologize as I felt as though I were being very rude by being so distracted. I would love to grab a drink sometime in the near future to uncover all of our mutual connections and lament on how much we miss our home town. ☺

The next couple weeks are pretty busy over here but I hope we can work something out soon.

So good to meet you and thank you for including us in your event.

Warm regards,

Millan Hupp

Jamie,

It was such a pleasure to meet you. I just want to apologize once more for the cancellation. He truly did want to be there. I am just getting back to my office otherwise I would have come back by. I hope the reception went well.

Please don't hesitate to reach out at any time! Hope to see you again soon.

Warm regards,
