INTER-OFFICE CORRESPONDENCE

Subject: _____

Dear Rod:

I know that we decided against giving a list of employees to the Social Security Administration, unless there is a legal requirement to do so.

Since writing you on this subject, Earl Lovick has received a letter from the Department of Health, Education, and Welfare, Public Health Service, dated July 10, copy of which is attached. You will note from this letter that they have no direct data relating exposure to tremolite asbestos to the health of workers.

There may be some good reasons why we should agree to participate in their study. As a suggestion, it might be well to have Peter Kostic check with the Johns-Manville people with whom we are working, to determine whether or not they participate in such studies.

Your further thoughts will be appreciated.

Sincerely,

RWS
