Dear Ray:

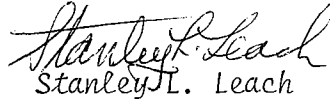

It was nice meeting with you last week.

On my return to the office, the letter you mentioned on the new warning statement was waiting for me.

This is just to inform you that the stamp that we have made up and are applying to each bag shipped is as attached. The statement "Warning Statement per OSHA Requirement 29 CFR19101001" does not appear.

As mentioned before, when our supply of bags runs out, we will have the new warning statement printed in place of our usual caution label.

Sincerely,

Stanley L. Leach
