Photographer still ok to come too? His name is Scott Mahaskey, staffer at POLITICO. My editor thought we had sufficient photos from the POLITICO 50 shoot they did with Administrator Pruitt a few months ago. Turns out Scott is available and interested in shooting fresh photos if that's on the table.

If not, no worries.

If there's a reasonable assurance (barring an emergency cancellation) that we can get an interview on the calendar in the next three-four weeks, I think there's a good chance my editors will delay publication. Getting Administrator Pruitt's perspective would greatly enhance the pier.
