Dr. Eunice Moore
Electrical Utilities Co.
LaSalle, Illinois 61301

Dear Dr. Moore:

I enclose the original of your affidavit, with a copy for your file. Please return the original with your notarized signature at your convenience for filing with the EPA. Let me thank you for your assistance in this matter. We gave you a somewhat ambiguous task, but the survey you conducted for the EIA was most helpful and I think makes a most impressive showing that the measurement techniques available to the industry are unreliable.

As we discussed, you will be subject to cross-examination on your affidavit. We should know shortly whether the parties to the proceeding wish to ask you any questions. You should plan to be available for cross-examination on Thursday, November 18. If you are to be examined, it would be most helpful if you would plan to arrive in Washington the preceding day so that we could discuss your testimony in advance of the hearing.

If you have any questions, please do not hesitate to give me a call.

Yours sincerely,

John Michael Clear
