File - Abe Aaron

Thomas G. Grumbles, Director
Industrial Hygiene
CONOCO Chemicals Co.
15990 North Barker's Landing Road
P.O. Box 19029
Houston, TX 77224

Dear Tom,

Herewith a copy of my letter to Al Sather plus enclosures as requested.

Concerning vinyl chloride, you might be interested to exchange experiences with a contact we have at B.F. GOODRICH CO. in Ohio. His name is

Dr. Paul Zakriski
Manager, Corporate Environmental Services
B.F. Goodrich Co.
Research & Development Center
9921 Brecksville Road
Brecksville, Ohio 44141
Tel. (216) 447-5411

Paul has been carrying out some lab and field test work with our 530 Series badges and is certainly most knowledgeable on the subject of vinyl chloride monitoring. We are currently working towards optimizing a system for VC with some feedback from his results. I have not mentioned your name to him, so please act accordingly, but I am sure that he would not mind my having done so. Hope this is of help.

Sincerely,

A handwritten signature in cursive script that reads "Gerald Moore".

Gerald Moore
