Medical Paper on Rice
Bran Oil Incident

PCB
JAPAN

John Durland
5260

We have several immediate needs for an American translation of the medical report on the rice bran oil incident. Our literature reference on the publication is as follows:

"An Epidemiologic Study on Yusho",
Kuratsune M., et al; Fukuoka Acta Med.
62: 513-532, 1969."

Can you help us with this.

Elmer P. Wheeler
