Dear Dr. Willett:

Enclosed is a check for $15,000 as a directed gift in support of continuing research on the quantification and effects of polychlorinated biphenyls in food producing animals.

Monsanto has a sincere interest in these chemicals and is pleased to support a portion of the ongoing research in your laboratory. We would like to receive copies of reprints of articles you publish on this subject.

Sincerely yours,

John H. Craddock, Ph.D.
Product & Environmental Safety Director
