Re: Asbestos Case - DuPont Construction Employee

Dear Dr. Culpepper:

This letter is for recordkeeping purposes to inform Corporate Medical of an Asbestos Case involving [redacted] an active DuPont Construction employee, who is working at the Victoria Plant.

[redacted] was found to have bilateral pleural thickening with early plaques on chest x-ray examination and was officially classified 4/13/82 as being a Benign Asymptomatic Abnormality case.

[redacted] who works for Sedgie Hinson, asked me to inform you directly.

Sincerely,

Richard

Richard A. Keller, P.A.-C.
