

1 Q Why did you need her help?

2 A Because I couldn't -- I had to be with him
3 day and night, and I couldn't do that, to take care of
4 him. And then I couldn't turn him in bed, because you
5 had to clean him, and I had to turn him on the sheet,
6 because he couldn't stand when you touched him
7 anywhere.

8 Q I am sorry, why did you have to turn him on
9 a sheet?

10 A Because he couldn't stand touching him.

11 Q Touching?

12 A It hurt all over his body. It hurt
13 everywhere.

14 Q When you say it hurt, were you giving him
15 medication for this?

16 A Yes.

17 Q Do you remember any of the names?

18 A I don't remember, but one thing was
19 codeine.

20 Q One of them was codeine?

21 A Yeah, but he had several of these things.
