Mr. Hugh M. Jackson, Manager
Industrial Health Program
Johns-Manville Corporation
22 East 40th Street
New York 16, New York

Dear Hugh:

Some time ago I received some lung tissue from a hospital in Berkeley, Calif., from a former J-M employee, Frank M. Soaker. Although I received the information that he had worked at Lompoc, no occupational history was included. I do have a copy of the autopsy protocol.

In order to make my record complete and also to make a better report, I would appreciate it if you could have a summary of the occupational and medical history sent to me.

The reports on Radonich and Burek are nearly finished, all except the illustrations. I hope to have these reports in your hands within a week or so.

With best regards.

Sincerely yours,

Paul Gross, M.D.
Research Pathologist
