ANNOUNCEMENT

It is a pleasure to announce the following appointments of the men to head up two Sections of the Newly formed Mechanical Engineering Group. These appointments are effective January 1, 1970.

Reporting to the Chief Mechanical Engineer, M. D. Blaho:

J. G. Belter - Section Supervisor of Application Engineering. Jerry brings a wealth of experience, enthusiasm and drive to this assignment. His assignment is to increase VICTOR gasket design and engineering penetration in the early design stages of new customer engines.

P. E. Gallo - Section Supervisor of Test Engineering. With years of experience in the Laboratory and Field Testing of gaskets on engines, Paul will head up our newly designed, modernized Dynamometer Test facilities along with the simulated GRADER test facilities.

The Development Engineering Section will report directly to Mr. Blaho.

Your cooperation with these men and all others in the Mechanical Engineering Group will be appreciated.

S. M. Lillie

Division Chief Engineer
