David P. Stevens, M.D.
Assistant Professor
Division of Gastroenterology
Department of Medicine
University Hospitals of Cleveland
University Circle
Cleveland, Ohio 44106

Dear Dr. Stevens:

We were all very glad to have been able to get together for our meeting on Tuesday the 16th. I think we managed to iron out a lot of details.

As promised, here is the diagram for surveillance of the vinyl chloride workers. Please feel free to make any suggestions or corrections as you see fit and return at your convenience.

Best regards,

Sincerely,

Dex
