Re: TDS #26310

Dear Ms. Wilson:

Sorry for the delay in responding, Mr. Robert Stanton from our Spring Division plant did respond with data some time ago.

Mr. John Ottarsen has asked for additional data of specifying the exact type of asbestos that was used in part number 2400625.

We had to check with our vendor which mixes the raw friction materials for our Spring Division plant.

The term "Blue Asbestos" is the type asbestos used in the 2400625 part for Chrysler.

I hope this information will help.

Sincerely,

TRANSMISSION COMPONENTS
Borg-Warner Automotive, Inc.
