Hi Aurelia:

Ned Sullivan, President of Scenic Hudson, a non profit group supporting clean up and conservation of the Hudson River will be in DC early next week and was hoping to meet with you. Mitch Butler informed me that Patrick Davis at EPA may have reached out to you in regards to this issue.

Scenic Hudson has long worked with EPA on the Hudson River superfund clean up removing PCBs. USFWS, along with NOAA, is a trustee overseeing the clean up. The trustees and Scenic Hudson, along with local communities and New York State, are concerned with the recent EPA (draft) Five Year Review of the clean up. Ned was hoping to provide you with an update brief on the issue and highlight the major issues in EPA's draft. The clean up of the Hudson River is of great importance to a major population center in the US, so we hope we can get some time on your schedule. Currently, Ned is flexible on Monday (9/25) and Tuesday (9/26) morning, and will be joined by Mitch Butler of Natural Resource Results.

Thank you in advance for considering this request.

Brian Melat
