Mr.D.L.Hills

Mr.G.Berge,
Atlas Asbestos Company,
MONTREAL,
Canada.

Dear Mr.Berge,

Mr.Hills has forwarded your note of the 9th May,1973
to me and asked me to make the necessary arrangements
with you for my visit to Montreal.

I have not,as yet, got final flight details and will
let you have these in due course. I attach hereto a
draft itinerary for my visit.

I should like to meet Dr.Philippe Landry and renew my
acquaintance with Dr.Oregoire as suggested in your
memorandum. In addition to discussing the medical
arrangements at Atlas, I would very much like to inspect
the plant and be informed of the improvements and modification
at present underway. I must leave the timing of my
departure for Thetford Mines in your hands and trust that
you and Mr.Dornais can sort this out for me.

Please arrange accommodation for me for the night of the
22nd August and 24th August and (depending upon your
arrangements with Mr.Dornais) for any further period you think
necessary. I would like to spend as much time as you consider
necessary at Atlas and therefore do not wish to arrange too
rigid a schedule at this stage. I will return to Montreal
from Thetford Mines on the 24th August and depart for Manchester
on the 25th August.

I hope you can cope with me and my requests and look forward
to our meeting in August. Please feel free to suggest
alterations to my programme if you think they are indicated.

Yours sincerely,

H.C.LEWINSOHN, M.B. B.Ch. D.I.H.
Chief Medical Officer and T&N Medical Adviser.
