VPPPA: Custom Training for Cooperative Programs

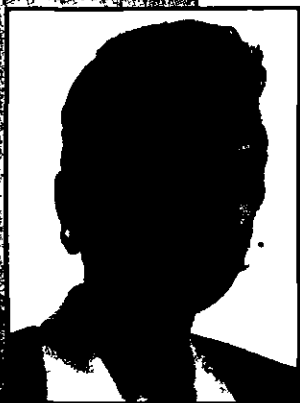

VPPPA:

**Pick the training partner with
experience and reputation!**

The Voluntary Protection Programs Participants' Association (VPPPA) is a recognized leader in safety, health, and environmental best practices. The nearly 400 members of the VPPPA are companies and worksites that are involved in the Occupational Safety and Health Administration (OSHA) Voluntary Protection Programs (VPP), Department of Energy VPP, and federal and state agencies and nonprofit organizations.

Whether you are a business or an established business, if you face complex problems, strive toward a safe place and environment.

VPPPA has created a series of programs especially for companies and worksites that are forging the future of the leading edge cooperative programs. Whether you attend a national workshop, or regional conference, VPPPA is designed to bring you the finest educational offerings available.

"THE VPPPA CONFERENCE IS A UNIQUE GATHERING OF WORK-PLACE SAFETY AND HEALTH LEADERS... LINKING GOVERNMENT, LABOR, AND MANAGEMENT TOGETHER, VPPPA IS A POWERFUL REMINDER OF WHAT AMERICANS CAN ACHIEVE WHEN WE WORK TOGETHER."

*Alexis Herman, Secretary of Labor
U S Department of Labor, Washington, D C
13th Annual National VPPPA Conference, New Orleans, La
September 1997*

"PARTICIPATION OF THIS MEETING (VPPPA CONFERENCE) IS NOT ONLY A GREAT EXPERIENCE FOR ME AND OUR COMPANY, IT'S ALSO AN INVESTMENT THAT HAS THE HIGHEST POSSIBLE RETURN. AND THAT, OF COURSE, IS SAFETY AND HEALTH OF HUMAN BEINGS IN OUR ORGANIZATIONS AND THROUGHOUT THE COUNTRY."

*John T. Dillon, Chairman and Chief Executive Officer

A Networking Advantage Unsurpassed By Any Other Conference

More than 2,000 of the world's leading companies will converge in Chicago this August for an unsurpassed exchange of the latest in best practices for workplace safety, health, and the environment. Now is your chance to register for this once-a-year gathering.

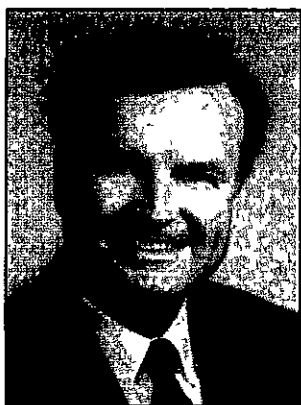

A Superior Learning Opportunity

Experience four days of new expanded workshops and sessions at the same price you've been paying for the past five years. Here you'll find countless opportunities to learn from those involved in all facets of workplace safety and environmental best practices.

A Custom-Made Conference To Fit Your Needs

With more than 100 sessions to choose from at all learning levels and topics, you can tailor the conference to fit your needs. In addition to those working toward excellence in environmental best practices, a special environmental track will be offered again this year.

All new special sessions for Premier Focus will be featured again with noted government and industry leaders for an informative, interactive learning experience.

Keynote Speaker

*Paul J. Varello, Chairman
American Ref-Fuel Company, Houston, Tex*

To officially kick-off the conference, American Ref-Fuel's Paul J. Varello, Chairman of one of the nation's fastest growing industries—resource recovery—will share how with nearly every worksite in VPP, the company has become one of the safest and most emulated in the country.

Motivational Speaker

Bob Love

Bob Love was the highest scoring basketball player ever to wear a Chicago Bulls uniform before Michael Jordan. Despite his great success as an athlete, he was unable to do something we all take for granted—speak. As a child he dreamed of the day he would speak without a severe stutter. Forty years later he would realize his dream and become a professional speaker.

Join the VPPPA in welcoming Bob Love, who will give examples from his tragic to triumphant life story to teach us all how to hold onto dreams, overcome adversity and be motivated through success.

The Only One Of Its Kind

The VPPPA offers the only VPP Application Workshop in the U.S. of its kind to guide you in preparing your VPP application

Especially Meets Your Needs

This workshop is designed especially for sites that are in the process of preparing an application to the Occupational Safety and Health Administration (OSHA), Department of Energy (DOE) Voluntary Protection Programs (VPP), or OSHA state plan VPP-like program

VPPPA Onsite Training How, When, and Where You Want It

The VPP Application Workshop can be tailored and delivered to your worksite, saving you precious time and money

VPP Application Workshop

Education Offered Just For VPP Applicants

As a VPP applicant, you will learn the VPP requirements, what to put in and leave out of your application, what OSHA representatives look for in a successful application, and what to expect in an onsite review. You will hear current VPP site representatives tell how they met the requirements.

A Must Workshop For Approved VPP Sites

If you want to continuously improve the level of safety and health performance at your site but you're not sure how, Strengthening Star Quality is one workshop you can't afford to miss this year

Strengthening Star Quality Workshop

Continuing the Journey — Where Do You Go From Here?

You know how hard it was to achieve VPP. Now that you're there, you want employees and fellow coworkers to maintain or improve on enthusiasm that helped your site reach VPP in the first place.

Just What You Need

This interactive workshop provides just the guidance and exchange of information you need to build on the Star VPP techniques you have in place and share ideas on how to keep the enthusiasm going.

Strengthening Star Quality is the only concentrated workshop of its kind. You will learn how to increase employee awareness, employ positive reinforcement techniques, and learn from others' past success stories and challenges and how to make the annual evaluation work for you.
