DON'T SAY IT—WRITE IT

To H. Ayer Location

From J. F. Morgan Location Phone No.

Subject Date 6/

Brian Armitage and Ben Epstein, Plastics, Experimental Sta. have conferred with me on several occasions about the safe use of asbestos as a filler in molding resins. I suggested they attend the Asbestos Conference and then talk some more.

Armitage called today and asked for a meeting here during this week or next. I told him the meeting might not be with me but that he would hear from me or someone else.

Above is all.
