Dear Mr. Clark:

With reference to your letter of January 22, you may rest assured that proper remedial measures are always imposed where violations of schedule occur, whether specific notification to that effect is included in my report or not.

I will be glad to answer any further questions with respect to this particular account that you may have, and in the meantime might suggest that I am contemplating holding a meeting of licensees within the next four or five weeks in the city of Cincinnati and hope that you will find it convenient to attend.

With best regards, I am

Yours very truly,
