Thank you for your kind offer to make our meeting possible. I am also sorry that I won't be able to see you this time in DC, but do give me a holler if you are visiting Seoul. Have a nice weekend.

Dear Ms. Nishida, and Messieurs Jackson and Team:

I've been introduced to you by Counselor Janghyung in the Korean Embassy in DC.

As a brief intro, I am originally from the Korean Foreign Ministry and now seconded to an international governmental organization called the Global Green Growth Institute(GGGI) based in Seoul. My last post was the minister counselor in DC where I served for 3 years. GGGI is set up in 2012 to provide Member Countries(mostly LDCs) with the tools to help build institutional capacity and develop green growth policy, strengthen peer learning and knowledge sharing, and engage private investors and public donors. I am attaching the 2016 Annual Report of GGGI, brochure on the service we provide and my CV for your reference.

In addition to my work as the Director of Governance tasked to deal with our governance organs, the Assembly and the Council, I am assigned also to make outreach effort toward select countries including my own, Japan and the United States, given my past experience there as a foreign service officer. As part of this portfolio, I will be on a short mission to DC to get acquainted with your climate policy under the new Administration(\*we were encouraged by the publication of the recent Climate Science Special Report).

Will it be possible if I can have a meeting with you sometime between December 4-8? My schedule will be flexible. For your reference, I have been making arrangements to meet with some contacts I have from the State Department(Office of Global Change), USAID, Congressional Research Service, Senate Foreign Relations Committee/House Foreign Affairs Committee, SAIS, Pew Charitable Trust, Wilson Center, CSIS, Environmental Defense Fund, etc. I look forward to hearing back from you.

Best regards,

Keeyong
