Re: J. J. Sammons - True 12664

A 50-year-old male. He works as a maintenance electrician. He claims exposure to dust and chemicals, including silica, iron, coke dust, and continuous loud noise and asbestos. Pulmonary function test, urinalysis, urine and sputum cytologies are all within normal limits.

Respectfully yours,

A handwritten signature in cursive script, appearing to read "R. S. Conte M.D.", written over the typed name.

Robert S. Conte, M.D.
