Subject: Leadership Summit May 22-23

We would like more information about the agenda, requirements, and accommodations arranged for the PFAS summit announced on 3/19/2018.

Quoting from your release:

The National Leadership Summit will be hosted in Washington, D.C. on May 22-23, 2018. During the summit, participants will work together to:

- Share information on ongoing efforts to characterize risks from PFAS and develop monitoring and treatment/cleanup techniques;
- Identify specific near-term actions, beyond those already underway, that are needed to address challenges currently facing states and local communities; and
- Develop risk communication strategies to address public concerns with PFAS.

We, as a community of affected citizens, do not believe there are any greater "stakeholders" than ourselves.

I look forward to your response.

Sincerely,

Kristen Mello
