DATE: June 19, 1992

RE: **Final Rule - Occupational Exposure to Asbestos**

Attached for your information and review is a copy of the final rule on the subject extracted from the Federal Register - Monday June 8, 1992.

This rule removes certain materials from the asbestos definition found at 1910.1101 and consequently the scope of application of regulations governing occupational exposures to these materials.

I have attached a copy of 1910.1101 **Asbestos** for reference.

Sincerely,

Bob Best
