case reports were established -- also in 1960, again in the United States, mesothelioma among workers in oil refineries was published in an article by Dr. Eisenstadt.

Q Are you familiar with a Dr. McVittie?

A Yes.

Q And did Dr. McVittie give a presentation, a report on a paper at the 1964 conference for Dr. Selikoff?

A Yes.

Q I am going to show you or I would like to show you a page -- page 132 and 133 of Dr. McVittie's publication.

Who was Dr. McVittie?

A He was a physician in Great Britain, and actually he is reporting on information from diagnosed asbestosis cases.

Great Britain passed a law that required the reporting and recording of cases, so he is reporting on that case series.

Q Now, I have highlighted a section in Dr.
