How To Hold FALSE TEETH More Firmly in Place

Do your false teeth annoy and em-
 barrass by slipping, dropping or wob-
 bling when you eat, laugh or talk?
 Just sprinkle a little **FASTEETH** on
 your plates. This alkaline
 powder holds false teeth more firmly
 and more comfortably. No gum my-
 geedy, pasty taste or feeling. Does not
 sour. Checks "plate odor" (denture
 breath). Get **FASTEETH** today at
 drug counters everywhere.
