Dear Dr. Zapp:

In the absence of Senator Dominick, this is to acknowledge and thank you for your correspondence of November 24th concerning S. 3216 (H.R. 19172), the "Lead Paint Poisoning Prevention Act."

As you know, the Senate Health Subcommittee held hearings on this legislation on November 23rd. They have not as yet set a date for consideration in executive session.

As Senator Dominick serves as the ranking Republican member on the Senate Health Subcommittee, I am sure he will be interested in the points which you have raised, and will keep them in mind during further debate by the Subcommittee.

Sincerely,

Charles N. Woodruff
Charles N. Woodruff
