Dear Mr. Hazard:

Your letter of April 30 has been received in Doctor Vornwald's absence while on a business trip to the middle west and will be brought to his attention on his return the first of next week.

I have discussed the matter of the analysis of the dust samples taken at the Sayreville, New Jersey plant of your Raylo Division with Mr. Durken. As you requested, he will endeavor to have some information in your hands by Saturday of this week.

Sincerely yours,

William R. Egan (Mrs. A.E.)
