Dear 5.1.2e

I just want to raise an important point about competition compliance rules. If I organize a joint meeting with my members, you can only raise general questions. We cannot discuss specific production, transportation, marketing and price during this meeting.

Kind regards,

5.1.2e

PlasticsEurope is one of the leading European trade associations with centres in Brussels, Frankfurt, London, Madrid, Milan and Paris. We are networking with European and national plastics associations and have more than 100 member companies, producing over 90% of all polymers across the EU27 member states plus Norway, Switzerland, Turkey and UK. The European plastics industry makes a significant contribution to the welfare in Europe by enabling innovation, creating quality of life to citizens and facilitating resource efficiency and climate protection. Over 1.6 million people are working in close to 60,000 companies (mainly small and medium sized companies in the converting sector) to create a turnover of more than 360 bn EUR per year. The plastics industry includes polymer producers - represented by PlasticsEurope, converters - represented by EuPC - and machine manufacturers - represented by EUROMAP. Many thanks 5.1.2e for your quick reply.

An introduction to fluoropolymers would be useful and indeed we have a questionnaire that is nearly ready to send over. Once I know what companies are on the call I will check their submissions to the call for evidence and identify any specific points.

Best regards

Dear 5.1.2e

Thanks for your mail. I also received 5.1.2e questionnaire. A meeting could be feasible. I need to touch base with my members. We spoke last time to give you an introduction to fluoropolymers. In order to be efficient, do you think this will be still useful for you and your colleagues. I would like to have the right people in this call. Therefore, do you have any specific points you want to raise?

Kind regards,

Good morning 5.1.2e

I wanted to follow up with you to see if you have now agreement to set up a meeting with your members to discuss the PFAS project(s)? In the meantime I have discussed with the other consultants involved (RPA and Wood plc contacts in copy) and they may like to join a back-back meeting to discuss their projects. Is it feasible to arrange a meeting next week some time at your convenience?

Best regards
